CITY HALL ELYRIA 44035
Telephone (216) 322-1829

February 9, 1981

Mr. Jim Freeman
Chemical Recovery System
142 Locust Street
Elyria, Ohio 44035

Dear Mr. Freeman:

On July 7, 1980, a Pretreatment Section for the Bureau of Water Pollution Control was formed to comply with the U.S. EPA's "General Pretreatment Regulations for Existing and New Sources of Pollution". It will be the responsibility of this section to organize, execute and coordinate the required laboratory and field investigation activities to administer and develop technical data for the enforcement of the City ordinances on sewer use and pollution control.

The Pretreatment section will also be responsible for the development of an approvable pretreatment program for the City of Elyria.

Please direct all matters regarding water pollution control and pretreatment to:

Gregory F. Worcester, Asst. Superintendent--Pretreatment
Elyria Waste Water Pollution Control Plant
1194 Gulf Road
Elyria, Ohio 44035
Phone: 366-2211 or 323-7595

Should you have any questions, please do not hesitate to contact the individual listed above.

Sincerely,

Michael B. Keys
Michael B. Keys
Mayor, City of Elyria

MK/bt
